

STAT KIT[®] 550

EMERGENCY MEDICAL KIT

Designed for common medical emergencies.
With STAT KIT 550, your facility will be ready for a medical emergency.

STAT KIT® 550 highlights

The STAT KIT 550® emergency medical kit is equipped to keep your facility prepared for a medical emergency, yet lightweight and portable for use at home or during travel. It provides a basic set of medications and devices for triage, medication delivery, trauma care and resuscitation.*

- Lightweight: 5 lbs
- Portable: 5.25" x 10" x 13"
- For basic emergency medical response
- No I.V. or ACLS medications

* A physician license is required for the purchase of prescription medications and devices.

Always up to date

HealthFirst tracks expiration dates of medications and automatically replenishes them before expiration. If you are enrolled in the EMM program, HealthFirst will also replace the used medication in case of an event at no additional cost.¹ Practices benefit by maximizing shelf-life of medications, lowering costs, saving time and gaining peace of mind.

OnTraq

OnTraq is an online account management tool that allows users to view each medication, expiration dates, lot numbers, national drug backorder status, and upcoming medication replenishment shipments.

The STAT KIT® 550 contains the following essential medications and devices:
