

# EMPLOYEE VACCINATION TRACKING FORM

## HEP B / MMR / RUBELLA / TETANUS

Employee Name: \_\_\_\_\_ Employee Starting Date: \_\_\_\_\_

### Hepatitis B Vaccination

Will be made available to any employees (Clinical or Non-Clinical--at no cost to the employee) regardless of their occupational exposure. This employer obligation is waived if:

- The employee has previously received the complete HBV series.
- If antibody testing reveals immunity, or if the vaccine is contraindicated for medical reasons.
- If the employee signs the appropriate documents for "refusal of HB Vaccine".

**PLEASE CHECK THE BOX BELOW THAT YOU WILL BE COMPLYING WITH AND FILL IN THE APPROPRIATE INFORMATION.**

- Dates of Hepatitis B Vaccination:** (Series of 3 over a 7 month period)

Initial Vaccine: \_\_\_\_\_

1 mo. Booster: \_\_\_\_\_

6 mo. Booster: \_\_\_\_\_

***7 YEAR TITER or BOOSTER: NO LONGER REQUIRED***

- Decline to accept HB Vaccine**

I understand that due to my potential occupational exposure to blood or other potentially infectious materials I may be at risk of acquiring hepatitis B virus (HBV) infection. I have been given the opportunity to be vaccinated with hepatitis B vaccine, at no charge to myself. However, I decline hepatitis B vaccination at this time. I understand that by declining this vaccine, I continue to be at risk of acquiring hepatitis B, a serious disease. If in the future I continue to have potential occupational exposure to blood or other potentially infectious materials and I want to be vaccinated with hepatitis B vaccine, I can receive the vaccination series at no charge to me. (Paid for by my employer).

### Vaccination History

Please see section #6 of your OSHA made Easy Manual for more detailed information on the risks and benefits of each of the following vaccines.

- |  |   |
|--|---|
| Influenza Vaccine (Annual Flu Shot):   | <input type="checkbox"/> I have my Annual Flu Vaccine                                     |
|  | <input type="checkbox"/> I decline the Annual Flu Vaccine                                 |
| MMR Vaccine (Measles, Mumps, Rubella): | <input type="checkbox"/> I have had my MMR Vaccine  |
|  | <input type="checkbox"/> I have not had my MMR Vaccine                                    |

# VOLUNTARY VACCINATION POLICY

For the office of: \_\_\_\_\_

Hello Employees,

In an effort to provide you a workplace that puts the health and safety of our workers first. Protecting our employees, especially in this age of COVID, has meant taking a number of precautionary measures like: providing updated Employee Safety Training, revising infection control measures, providing appropriate PPE, conducting patient & employee health screenings.

This policy addresses protecting our workplace and our employees with COVID-19 vaccines. Vaccines historically protect against serious illness and can lessen rates of transmission. The COVID Vaccine is recognized to provide stronger, longer protection against infection from the coronavirus, when compared to the antibodies a person produces after they've been infected with COVID-19.

It's for all of these reasons that we are writing to you now — urging you to vaccinate yourself against COVID-19.

In order to support our employees in getting vaccinated, we'll be: *(Employer check all that apply):*

- Hosting on-site vaccinations free of charge for all employees
- Covering the cost of off-site vaccination. (run through employees' health insurance where applicable then submitted for reimbursement).
- Offering paid leave to get vaccinated, and additional time as needed to rest if you're not feeling well after the shots.
- Other: \_\_\_\_\_

COVID-19 vaccines are an important tool to help stop the pandemic, but they don't mean we can stop taking all precautionary measures. After vaccination, everyone in the workplace should continue to follow all current guidance to protect themselves and others, including wearing a mask indoors, all appropriate PPE, respirators & fresh lab coats during aerosol procedures, staying at least 6 feet away from others, avoiding crowds, implementing proper hand washing & infection control protocols.

We understand some individuals may still have questions about the COVID-19 vaccine. We recommend visiting the CDC's page [Myths and Facts About COVID-19 Vaccines for more information](#).

Please feel free to reach out to our Management with any questions you may have.

Best of Health,

\_\_\_\_\_

# MANDATORY VACCINATION POLICY

For the office of: \_\_\_\_\_

Hello Employees,

In an effort to provide you a workplace that puts the health and safety of our workers first. Protecting our employees, especially in this age of COVID, has meant taking a number of precautionary measures like: providing updated Employee Safety Training, revising infection control measures, providing appropriate PPE, conducting patient & employee health screenings.

This policy addresses protecting our workplace and our employees with COVID-19 vaccines. Vaccines historically protect against serious illness and can lessen rates of transmission. The COVID Vaccine is recognized to provide stronger, longer protection against infection from the coronavirus, when compared to the antibodies a person produces after they've been infected with COVID-19.

It's for all of these reasons that we are writing to you now — urging you to vaccinate yourself against COVID-19.

In order to support our employees in getting vaccinated, we'll be: *(Employer check all that apply):*

- Hosting on-site vaccinations free of charge for all employees
- Covering the cost of off-site vaccination. (run through employees' health insurance where applicable then submitted for reimbursement).
- Offering paid leave to get vaccinated, and additional time as needed to rest if you're not feeling well after the shots.
- Other: \_\_\_\_\_

It's for all of these reasons, plus the legal requirement by the Occupational Safety and Health Administration's **General Duty Clause** to provide each worker "employment and a place of employment, which are free from recognized hazards that are causing or are likely to cause death or serious physical harm," that **we are implementing a mandatory COVID-19 vaccination policy for our workplace.**

We are requiring that all employees be fully vaccinated b within 30 days of receiving this policy, ***unless a reasonable accommodation is approved.*** To assist any employee who is **pregnant, who is nursing, who has a disability, or who has a medical condition that prevents them from safe vaccination, or who rejects vaccination because of sincerely held religious beliefs, a reasonable accommodation may be made.** To request a reasonable accommodation, please provide a Doctor's Note or Written Religious Vindication to Management within 30 days of receipt of the policy.

All other employees, not in compliance with this policy, will be placed on unpaid leave until they are in compliance with the workplace policy. After vaccination, everyone in the workplace should continue to follow all current guidance to protect themselves and others, including wearing a mask indoors, all appropriate PPE, respirators & fresh lab coats during aerosol procedures, staying at least 6 feet away from others, avoiding crowds, implementing proper hand washing & infection control protocols. We understand some individuals may still have questions about the COVID-19 vaccine. We recommend visiting the CDC's page [Myths and Facts About COVID-19 Vaccines](#) for more information. Please feel free to reach out to our Management with any questions you may have.
