

Criti-Kit 200 Series

EMERGENCY MEDICAL KITS

With essential medications and devices

Designed to prepare you for common medical emergencies.

 **HealthFirst.**

Criti-Kit 200 Series highlights

The Criti-Kit 200 Series Emergency Medical Kits are equipped to keep your facility prepared for common medical emergencies. The kits are pre-assembled with essential medications, medication delivery devices, and equipment for monitoring patient vital signs and resuscitation.

- The Criti-Kit 200 version includes an adult epinephrine auto-injector
- The Criti-Kit 200-AI version includes adult and pediatric epinephrine auto-injectors
- Lightweight canvas carrying case: 13.5" x 10" x 5.75"

Always up to date

HealthFirst's Auto-Replenishment Service takes the guesswork out of staying up to date. The service uses smart automation to track the expiration dates of medications and devices and automatically replenishes them before expiration. Your practice benefits by saving time and gaining peace of mind.

OnTraq

OnTraq is an online account management tool that dynamically shows the status of your emergency medical kit and medications. It allows users to view each medication, expiration dates, lot numbers, national drug backorder status, and upcoming medication replenishment shipments. Rely on OnTraq's smart automation for dashboards, reports and task management.
